Archimedes Leasing GmbH has been a proven and trusted partner of Airnergy for more than ten years. Archimedes Leasing GmbH does not charge any processing fees for credit checks and order processing, does not require a pre-lease and does not require independent insurance for the leased object. Proof of existing insurance is sufficient. The leasing contract ends automatically at the end of the agreed term, without termination. We at Airnergy trust Archimedes Leasing.

Note: Leasing is primarily suitable for tradespeople and entrepreneurs.

If you are a freelancer or private individual interested in purchasing an Airnergy Vitalizer in convenient monthly instalments, financing via hire purchase or credit purchase is often suitable in this case. We have also been working with our trusted partner, medipay GmbH, in the area of installment purchase/financing for many years. The experience and feedback from our customers has been consistently positive. Are you interested in the current installment conditions? Please ask your Airnergy consultant for them.

Note: *All prices are net prices and do not include the applicable statutory VAT.*
